Corinne Demers

For more than 20 years Corinne Demers has been a keystone in the daily operation of the Town. Corinne retires from public office this year after ten years as Tax Collector. This is actually a second retirement, since she served as Town Clerk from 1963 through 1972; for the last three years she has also been secretary to the Board of Selectmen.

In addition to having established a statewide reputation as an excellent tax collector, Corinne is the official whom people felt they could call when they needed help with a problem. Corinne could straighten things out and ease the burden. She has been, and is, a true public servant. Summer and year-round residents alike will continue to telephone or stop by to say hello to Corinne, catch up on the goings-on in town, and ask her advice.

With a sincere thank you for years of dedication and service to your town, we wish you a healthy, peaceful and fruitful retirement.

Holderness Town Warrant 1987

To the inhabitants of the Town of Holderness in the County of Grafton and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House on Tuesday the tenth of March next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall not close earlier than seven o'clock in the afternoon to act upon the following subjects, the third and subsequent articles to be acted upon commencing at seven o'clock in the evening of the following day, the eleventh day of March, in the auditorium of the HOLDERNESS CENTRAL SCHOOL.

ARTICLE 1: To choose all Town Officers by official ballot.

ARTICLE 2: To see if the Town will vote by official ballot on the amendments to the existing Zoning Ordinance as proposed.

ARTICLE 3: To see if the Town will approve the recommendations of the Municipal Facilities Construction Committee and authorize the Selectmen to issue bonds under the Municipal Finance Act in an amount not to exceed \$1.2 million to implement all votes passed under Articles (#5), (#6), (#7), (#8), (#9), (#10) and (#11), being the seven (7) articles requesting approval of the development plans recommended by the Municipal Facilities Construction Committee for housing the town departments of Fire, Police, Highway and Town Offices. (By Petition)

ARTICLE 4: To see if the Town will vote to raise and appropriate the sum of two hundred ninety thousand dollars (\$290,000) for the purpose of purchasing approximately .8 acres of land from the Science Center of New Hampshire, and renovating the former Holderness Inn for offices for the Selectmen and other town functions, and to raise and appropriate the sum of ten thousand dollars (\$10,000) for the purpose of renovating the basement of the present Town Office for use by the Police Department, all to be raised by issuance of serial bonds and notes, and to authorize the Selectmen to issue and negotiate the terms and conditions in compliance with the provisions of the Municipal Finance Act, RSA ch. 33 as amended. (By Petition)

ARTICLE 5: To see if the Town will approve the recommendations of the Municipal Facilities Construction Committee for relocating the Town Offices to the Holderness Inn. (By Petition)

ARTICLE 6: To see if the Town will approve the recommendations of the Municipal Facilities Construction Committee for accepting the Holderness

Inn building as a gift and purchasing the land on which it sits from the Science Center of New Hampshire at a price not to exceed fifty thousand dollars (\$50,000). (By Petition)

ARTICLE 7: To see if the Town will approve the recommendations of the Municipal Facilities Construction Committee for expanding the Police Department quarters throughout the basement of the building now known as “Town Hall”. (By Petition)

ARTICLE 8: To see if the Town will approve the recommendations of the Municipal Facilities Construction Committee for a new fire station to be built on land presently owned by the Science Center of New Hampshire. (By Petition)

ARTICLE 9: To see if the Town will approve the recommendations of the Municipal Facilities Construction Committee for purchasing land from the Science Center of New Hampshire at a price not to exceed thirty-five thousand dollars (\$35,000) on which to construct a new fire station. (By Petition)

ARTICLE 10: To see if the Town will approve the recommendations of the Municipal Facilities Construction Committee for locating the Highway Department on land of the Town at the Town Forest. (By Petition)

ARTICLE 11: To see if the Town will approve the recommendations of the Conservation Commission to remove five (5) acres, more or less, of Town Forest land from the status for other use of the Town, namely a site for locating the Highway Department. (By Petition)

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of three thousand five hundred dollars (\$3500) to enable the Selectmen or an appointed committee thereby to study the feasibility of expanding and/or remodeling the current Town Offices and Police Department. (By Petition)

ARTICLE 13: To see if the Town will vote to authorize and direct the Selectmen to appoint a steering committee to be known as the “Town Office Facility Committee” to advise the Selectmen in selection of architects, engineers and contractors, and to assist the Selectmen in the design and execution of the renovation of the Holderness Inn for Town Offices. The committee shall consist of one representative each from the Historical Society, the Holderness Preservation Trust, the Science Center of New Hampshire and the Planning Board, three members at-large, and one Selectman, ex officio. (By Petition)

ARTICLE 14: To accept the report of all Town Officers and Committees.

ARTICLE 15: To see if the Town will vote to authorize the Selectmen to take over and maintain Lane Road. Described as beginning at the intersection of Coxboro Road extending approximately one and a half (1½) miles. On the Town of Holderness Tax Map this area is designated with the number 2 and partially on number 4. (By Petition)

ARTICLE 16: To see if the Town will vote to authorize the Selectmen to accept from Beth Best Shoup, for use as a town road, a deed to the Town, of an existing private way, fifty (50') feet in width, known as Locust Drive (including the turnaround at the end thereof) as shown on a plan entitled as follows: "Webster Park South, Route 175 Holderness, N.H. Property of Donald & Beth Shoup, 7 Lots, Scale: 1"=50' ", by John March, Campton, N.H. Surveyed August 1986, and recorded in the Grafton County Registry of Deeds. A copy of which is at the Town Hall. (By Petition)

ARTICLE 17: To see if the Town will vote to grant site plan review authority to the Planning Board in accordance with RSA 674:43, and to file with the Grafton County Register of Deeds a certificate of notice showing that the Planning Board has been authorized to adopt Site Plan Review Regulations. This will provide the Town with an opportunity to review and approve or disapprove plans for non-residential uses and for multi-family dwelling unit development. (By Petition)

ARTICLE 18: To see if the Town will vote to raise and expend the sum not to exceed fifteen thousand dollars (\$15,000) to be applied during the remainder of the current fiscal year for the purpose of hiring a full-time Town Business Administrator. The annual sum not to exceed twenty-five thousand dollars (\$25,000) for such purpose. (By Petition)

ARTICLE 19: To see if the Town will vote to raise and appropriate the sum of three hundred dollars (\$300.00) to meet the requirements of RSA 442-A in reference to the impounding of dogs.

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of twenty-six hundred dollars (\$2600.00) for the support of hospitals (LRGH \$600.00), (SSMH \$1000.00), (Concord Hospital \$500.00), (Dartmouth-Mary Hitchcock Memorial Hospital \$500.00).

ARTICLE 21: To see if the Town will vote to raise and appropriate the sum of one thousand two hundred twenty-two dollars (\$1222.00) to assist in maintaining the services of the Upper Valley Senior Citizens Council.

ARTICLE 22: To see if the Town will vote to raise and appropriate the sum of two hundred thirty-four dollars (\$234.00) to the Lakes Region Associa-

tion for the purpose of publicizing and promoting the natural advantages, as well as preservation of the natural resources of the Town, in cooperation with other towns in the Lakes Region.

ARTICLE 23: To see if the Town will vote to raise and appropriate the sum of six hundred seventy-seven dollars (\$677.00) to maintain and continue the system of services of the Inter-Lakes Day Care Center.

ARTICLE 24: To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) for and to support the Plymouth Area Task Force against Domestic Violence.

ARTICLE 25: To see if the Town will authorize the Selectmen to administer, lease, sell, convey or otherwise dispose of any real estate acquired by the Town by any Tax Collectors deed in accordance with the provisions of RSA 80:42.

ARTICLE 26: To see if the Town will authorize the Selectmen to apply for, accept and expend without further action by the town meeting, money from the state, federal or other government unit or a private source which becomes available during the fiscal year in accordance with procedures set forth in RSA 31:95-b.

ARTICLE 27: To see if the Town will vote to raise and appropriate a sum not to exceed ten thousand dollars (\$10,000) for the purpose of completing the rehabilitation and expansion of the Holderness Free Library.

ARTICLE 28: To see if the Town will authorize the Trustees of Trust Funds to withdraw from Capital Reserve, the money plus accrued interest that has been placed in Capital Reserve for the purpose of rehabilitating and expanding the Holderness Free Library.

ARTICLE 29: To see if the Town will vote to raise and appropriate a sum to be placed in Capital Reserve and invested until needed for purchasing the following new department items:

| | |
|----------------|----------------|
| Fire Truck | \$35,000 |
| Highway Truck | 5,000 |
| Police Cruiser | 7,500 |
| Total | <hr/> \$47,500 |

ARTICLE 30: To see if the Town will authorize the withdrawal from the Federal Revenue Sharing Fund the sum of five thousand five hundred and sixty-one dollars (\$5,561.00) plus accrued interest, for use as setoffs against budgeted appropriations for the specific purposes outlined in Article 29.

ARTICLE 31: To see if the Town will vote to increase the membership of the Park Board from three (3) to five (5) members.

ARTICLE 32: To see if the Town will vote to authorize the Selectmen to name or change the names of streets in the Town as per RSA 231:133 and RSA 231:136.

ARTICLE 33: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

ARTICLE 34: To see if the Town will vote to repeal the current Flood Damage Prevention Ordinance adopted March 10, 1981 and adopt the proposed new Floodplain Development Ordinance, Item I through Item VIII, as mandated by the Federal Emergency Management Agency's (FEMA) revisions to the National Flood Insurance Program (NFIP) dated October 1, 1986.

ARTICLE 35: To see if the Town will vote to authorize the Selectmen to act as agents for the following Capital Reserve Funds: Library Building Rehabilitation, Fire Truck, Police Cruiser and Highway Truck.

ARTICLE 36: To see what sum of money the Town will vote to raise and appropriate and if the Town will make any alteration in the amount of money required for the support of the Town as recommended by the Budget Committee in its report.

ARTICLE 37: To transact any other business that may legally come before the meeting.

Given under our hands this 17th day of February in the year of our Lord nineteen hundred and eighty-seven.

Minutes of Holderness Town Meeting

March, 1986

At a legal meeting of the inhabitants of the Town of Holderness qualified to vote in Town affairs, and held on March 11 and 12, 1986, the following business was transacted:

At 10:00 a.m. on Tuesday, March 11, 1986, at the Holderness Town Hall, the Moderator convened the meeting and started the reading of the warrant. After reading the first three articles, the Moderator entertained a motion to waive the reading of the warrant in its entirety and to read each article separately at the time of the deliberative session. Roger Gage so moved, Katherine Beij seconded and the vote was in the affirmative with no opposition. The polls were then declared open for voting on Articles 1, 2 and 3. At 7:00 p.m. the polls were closed, ballots counted and results announced. The meeting was then recessed until 7:00 p.m. on Wednesday, March 12, 1986 at the Holderness Central School.

At 7:00 p.m. on Wednesday, March 12, 1986, the Moderator reconvened the annual meeting of the Town of Holderness. Chief Darryl Zampieri led the pledge of allegiance to the flag. The Moderator welcomed Mr. Herbert Horstmann to his first Town Meeting as a U.S. citizen. Results of school district elections were read, and the newly elected School Board member was sworn in. Results of Town elections were read, and newly elected officers present were sworn in. Articles 1, 2 and 3 having been acted upon by written ballot, the Moderator proceeded with the reading of Article 4.

ARTICLE 4: To accept the report of all Town Officers and Committees. It was moved and seconded to approve the reports as printed in the Town Report. Voted in the affirmative with no opposition.

ARTICLE 5: To see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen. Chapter 380 of the laws of 1985 requires the Town to adopt written welfare guidelines prior to April 1, 1986. (Copies of the full text of the proposed guidelines are on file with the Town Clerk.) Article moved and seconded. Mr. Gage explained that the Selectmen are required to set up these guidelines. Article voted in the affirmative with no opposition.

ARTICLE 6: To see if the Town will vote to oppose the burial, storage, transportation and production of high level radio active waste in the Town of

Holderness and the State of New Hampshire. Article moved and seconded. Discussion ensued as to the words “and production,” and whether approving the article as worded would render Seabrook illegal. Mrs. Closson moved to amend the article to delete the words “and production” which appear before the words “of high level radio active waste.” The motion was seconded and after some discussion the amendment was voted in the affirmative with one or two dissenting votes. Mr. Beij then moved to eliminate the words “and the State of New Hampshire.” Motion seconded. Mr. Leonard expressed the opinion that we must be concerned with neighboring towns as sites for burial and storage of waste. Amendment was defeated with no supporting votes. Article 6 as amended by Mrs. Closson was then voted in the affirmative with no opposition.

ARTICLE 7: To see if the Town will vote to authorize the Selectmen to accept from Richard A. Dearborn, for use as town roads, a deed to the Town of two existing private ways, each 50 feet in width, known as Oak Hill Road and Stone Post Road (including the turn arounds at the ends thereof) as shown on a plan entitled as follows: “Oak Hill Properties a subdivision off Mount Prospect Road, Holderness, N.H. Surveyed Aug. 1984 by John R. French scale 1 inch = 100 feet Lots 7 - 10 subdivided Feb. 1985” and recorded in the Grafton County Registry of Deeds, Plan #2483. (By petition, a copy of which may be seen at the Selectmen’s Office.) Article moved and seconded. The Selectmen explained that the road does meet Town specifications, but that the Selectmen were not in agreement as to whether the road should be accepted. Two of the Selectmen felt that the Town should have the opportunity to decide whether it wanted to take on the burden of a new road. Mr. Dearborn was recognized and given permission to speak, explaining that the road was built to Town specifications, houses were being built on the road and the road and development are an asset to the Town. Selectman Gage expressed his feeling that since there are houses on the road and people adding to the tax base, the road should be taken over and services provided. Mr. Long suggested that money should be put into improving existing roads before taking on new ones. Mr. Nourse felt that if the new dwellings are being provided with fire, police and ambulance services, the Town should see to it that the emergency vehicles had good roads to get there on. Article 7 voted in the affirmative with several dissenting votes.

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of three hundred dollars (\$300.00) to meet the requirements of RSA 442-A in reference to the impounding of dogs. Article moved and seconded. Voted in the affirmative with no opposition.

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of twenty-six hundred dollars (\$2600.00) for the support of hospitals

(LRGH \$600.00) (SSMH \$1000.00) (Concord Hospital \$500.00) (Dartmouth-Mary Hitchcock Memorial Hospital \$500.00). Article moved and seconded. Voted in the affirmative with no opposition.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of one thousand one hundred seventy-five dollars (\$1175.00) to assist in maintaining the services of the Upper Valley Senior Citizens Council. Article moved and seconded and voted in the affirmative with no opposition.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of two hundred thirty-three dollars and seventy-three cents (\$233.73) for the purpose of publicizing and promoting the natural advantages, as well as preservation of the natural resources of the Town, in cooperation with other towns in the Lakes Region. Article moved and seconded. Mr. Taylor asked what is done with these funds to preserve the natural resources of the Town. Mr. Gage read the request letter from the requesting agency. Mrs. Staples suggested that this money was really only being used to buy an ad in a promotional booklet. Selectman Hansen asked that the Conservation Commission look into just what this organization does for the preservation of natural resources. Mr. Taylor moved to table Article 11. Motion seconded. The Moderator was in doubt as to the outcome of the voice vote and requested a standing vote. Standing vote showed 36 in favor, 32 opposed. Article 11 tabled.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of five hundred fifty-five dollars and seventy-eight cents (\$555.78) to maintain and continue the system of services of the Inter-Lakes Day Care Center. Article moved and seconded and voted in the affirmative with no opposition.

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of one hundred dollars (\$100.00) for and to support the Plymouth Area Task Force Against Domestic Violence, a non-profit organization, organized pursuant to New Hampshire Legislature, and partially funded by marriage license fees from the State of New Hampshire. (By petition) Article moved and seconded and voted in the affirmative with no opposition.

ARTICLE 14: To see if the Town will authorize the withdrawal from the Federal Revenue Sharing Fund the sum of fifty thousand dollars (\$50,000.00) for use as setoffs against budgeted appropriation for the following specific purposes and in the amounts indicated herewith.

| | |
|--------------------|-------------|
| Fire Department | \$12,000.00 |
| Police Department | 8,500.00 |
| Highway Department | 6,500.00 |
| Town Hall | 3,635.00 |
| Town Dump | 19,365.00 |
| | <hr/> |
| | \$50,000.00 |

Article moved and seconded. It was explained that these amounts were being used to offset specific items in the various department budgets, thereby reducing taxes. Selectman Gage explained that Revenue Sharing money was still being received at this time. Article voted in the affirmative with no opposition.

ARTICLE 15: To see if the Town will authorize the Selectmen to administer, lease, sell, convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed in accordance with the provisions of RSA 80:42. Article moved and seconded and voted in the affirmative with no opposition.

ARTICLE 16: To see if the Town will authorize the Selectmen to apply for, receive and expend Federal or State grants which may become available during the course of the year and also to accept and expend money from any other governmental unit or private source to be used for the purpose for which the Town may legally appropriate money, provided:

(1) That such grants and other monies do not require the expenditure of other Town funds.

(2) That a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies, and

(3) That such items shall be exempt from all provisions of RSA 32 relative to limitations and expenditure of Town monies, all as provided by RSA 31:95b.

Article moved and seconded. Mrs. Closson moved to amend to delete paragraph (1): "That such grants and other monies do not require the expenditure of other Town funds." Motion seconded. Mrs. Closson explained that many State and private organizations require matching funds when awarding grants, and paragraph (1) makes it impossible to accept matching fund grants. The library would like to be able to use the money it has raised and set aside as matching funds for grants that might become available. Amendment voted in the affirmative with no opposition. Article 16 as amended voted in the affirmative with no opposition.

ARTICLE 17: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes. Article moved, seconded, and voted in the affirmative with no opposition.

ARTICLE 18: To see if the Town will vote to raise and appropriate a sum not to exceed eighty-five hundred dollars (\$8500.00) for the purpose of purchasing a new police cruiser. Article moved and seconded. Selectman Gage explained that \$8,000.00 has already been placed in capital reserve for a new cruiser. Approximately \$1,000.00 has been earned in interest, so that the Town needs to raise only another \$8,500.00 to buy a new, fully equipped cruiser. Chief

Zampieri explained that the old cruiser has 144,000 miles on it and needed a new transmission last summer. He would like to purchase another 4 wheel drive vehicle and to keep the old cruiser as a backup to be used while the new vehicle is out for servicing, during very busy weekends and in emergencies. The new vehicle would not be a diesel. Article voted in the affirmative with no opposition.

ARTICLE 19: To see if the Town will authorize the Trustees of Trust Funds to withdraw from Capital Reserve the money plus accrued interest that has been placed in Capital Reserve for the purpose of purchasing a police cruiser. Article moved, seconded and voted in the affirmative with no opposition.

ARTICLE 20: To see if the Town will vote to raise and appropriate a sum not to exceed five thousand dollars (\$5,000.00) for the purpose of rehabilitating the Holderness Free Library. Said amount to be placed in Capital Reserve and invested until needed. Article moved, seconded and voted in the affirmative with no opposition.

ARTICLE 21: To see if the Town will vote to raise and appropriate a sum not to exceed twenty-five thousand dollars (\$25,000.00) for the purpose of purchasing a fire truck. This amount to be placed in Capital Reserve and invested until needed. Article moved and seconded. Selectman Gage explained that this would be for a fire truck in the future. Money raised gradually and invested earns interest and reduces the burden at time of purchase. Article voted in the affirmative with no opposition.

ARTICLE 22: To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town to enter into a cooperative agreement, pursuant to RSA Chapter 53A for the purpose of joining together towns in a joint and cooperative effort for Police Dispatching in a manner which will meet Federal and State regulations. Article moved and seconded. Chief Zampieri explained the concept of the proposed cooperative agreement. The cost of Plymouth dispatch has increased significantly and service has not always been satisfactory. Several area towns want to get together and establish a law enforcement dispatch center. Costs would be slightly higher at start-up, but should be less in the long run. Mr. Horstmann complimented the police and fire departments on the excellent job they do. Article voted in the affirmative with no opposition.

ARTICLE 23: To see if the Town will vote to raise and appropriate a sum not to exceed thirty-five hundred dollars (\$3500.00), this amount to be placed in Capital Reserve and invested until needed. This amount to be used to help fund the joint effort mandated in the previous article. Article moved and

seconded. It was explained that this amount was determined by the Selectmen to help lessen the financial impact when the dispatch center gets off the ground. Article voted in the affirmative with no opposition.

ARTICLE 24: To see if the Town will vote to raise and appropriate a sum not to exceed thirty-five hundred dollars (\$3500.00) to purchase and erect signs naming the various streets and roads of the town. Article moved and seconded. Discussion ensued as to who will decide the official name of a street, and whether the signs will be stolen. It was explained that in an emergency it is very important to have agreement as to the name of a road, and that street signs would help in locating an emergency. A voice vote was taken. The Moderator was in doubt and called for a second voice vote. The Moderator declared the article voted in the affirmative.

ARTICLE 25: To see if the Town is in favor of constructing a combined municipal facility to house the Fire, Highway and Police Departments. Article moved and seconded. Selectman Gage said that the Selectmen had decided to ask the Town if they want to go ahead with this project, upon which a committee has been working since last fall, and then, by means of the next article, appropriate money for the project. Selectman Hansen and Chief Zampieri spoke in support of the need for a new facility. No estimates as to cost are available at this time. Mr. Rand proposed an amendment adding at the end of the article the sentence "The proposed location, design, cost and method of financing to be presented to the Town at a special town meeting." He then accepted Mrs. Closson's suggestion that the words "regular or" be added before the words "special town meeting." The amendment now read "That Article 25 be amended by placing the following new sentence at the end of the article: 'The proposed location, design, cost and method of financing to be presented to the Town at a regular or special town meeting.' " Amendment voted in the affirmative with no opposition. Article 25 as amended vote in the affirmative with no opposition.

ARTICLE 26: To see if the Town will vote to raise and appropriate a sum of eight thousand dollars (\$8,000.00) to be combined with a portion of that money being raised by private donations, for the purpose of hiring an architectural/engineering/planning firm and to authorize the Selectmen to act as agents in such a contract. Such contracted services would be for the express purpose of proposing a location, design, cost and method of financing for a combined municipal facility (Fire, Highway and Police). The proposed location, design, cost and method of financing to be presented to the Town at a special town meeting. Article moved and seconded. Mr. Taylor moved to amend by adding the words "regular or" before the words "special town meeting." Amendment seconded and voted in the affirmative with one or two dissenting votes. Discussion ensued. The purpose of this article is to raise

money for the effort voted on in Article 25. The Moderator ruled that the wording of the article does not limit the town to one building for all three departments. Mr. Leonard expressed the hope that the Town would not forget that the school is also investigating building needs. Article as amended voted in the affirmative with one dissenting vote.

ARTICLE 27: To see if the Town will vote to authorize the Selectmen to act as agents for the following Capital Reserve Funds: Library Building Rehabilitation, Fire Truck, Police Cruiser, Police Dispatch. Article moved and seconded and voted in the affirmative with no opposition.

ARTICLE 28: To see if the Town will make any alteration in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town as recommended by the Budget Committee in its report. Selectman Hansen moved that there be no alteration in the amount of money required to be raised and appropriated as recommended by the Budget Committee. Motion seconded and voted in the affirmative with no opposition.

ARTICLE 29: To transact any other business that may legally come before the meeting. Selectman Hansen received a standing ovation as an expression of thanks for his three years as Selectman, during which time he was active in Planning Board matters and instrumental in the adoption of the Zoning Ordinance.

The School Moderator reminded the meeting of the upcoming School District meeting.

Mrs. Ayer spoke out to express her pride in our Town Meeting system of government.

Thanks were extended to Mr. C. James Ayer in appreciation for his many, many years as Trustee of Trust Funds.

Meeting adjourned 9:10 p.m.

Respectfully submitted,
Alisoun Hodges
Holderness Town Clerk

Audit Statement

We have examined the financial statements of the various funds and account groups of the Town of Holderness, New Hampshire, for the year ended December 31, 1986, and have issued our report dated February 12, 1987. As part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such an evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed derived benefits and that evaluation of these factors necessarily requires estimates and judgements.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally with respect to the estimates and judgments required in this preparation of the financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study of the system of internal accounting control for the year ending December 31, 1986, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. The study and evaluation did not disclose any one weakness which we consider to be material. The other recommendations which follow were developed from our observation of the Town's operations and are not the result of any special study.

Identified Weakness In Internal Control - Capital Reserve Funds

The Town's Capital Reserve Funds are maintained in a variety of money market accounts and certificates of deposit. No accounting records are kept for these funds. The lack of accounting records and multiple bank accounts are a weakness in internal accounting control.

We believe the Trustees of Trust Funds should attempt to consolidate bank accounts so that at a maximum each fund is in one bank account. The Trustees should also maintain a cash journal for each fund and record interest when earned so that the Town can know the amounts in each fund when planning its annual budget.

Cemetery Land Fund

During 1985 an appropriation for cemetery land was transferred to the Trustees of Trust Funds in error. We recommend that the Trustees immediately pay these funds plus the interest earned over to the General Fund.

Tax Bills

State law was recently changed to permit property tax bills to be rounded off to the nearest dollar. We urge that the Town consider implementing this policy as it simplifies the Tax Collector's bookkeeping tasks.

Capital Improvements Program

The Town does not currently employ capital improvements budgeting and programming techniques. We believe the Town should develop a long term plan for capital expenditures. Capital expenditures include expenditures for buildings, land and major equipment, all of which have useful lives of several years.

A capital improvements program lists each proposed capital item, the year in which it will be started or acquired, the amount expected to be expended in a given year and the proposed method of financing the expenditure. The budget would be acted upon annually at the Town meeting and may vary from the capital improvements program. The program would then be updated to reflect departures from the original plan and changing cost estimates.

A letter to this nature concentrates on identified problem areas. We do not mean to imply criticism of Town Officials but to highlight areas where we believe operating systems can be strengthened. We wish to express our thanks to the officials of the Town for their assistance during the course of our audit.

CAREY, VACHON & CLUKAY, PC

Report of the Selectmen

Two things were readily apparent by the time the Town of Holderness celebrated its 225th anniversary in October 1986:

First, The Town's school and municipal facilities are neither adequate nor in compliance with state and federal codes.

Second, The Town as a Community is ready to address these needs in a responsible systematic manner.

Through the efforts of the Municipal Facilities Construction Committee and the School Board Needs Committee, architects were hired to study and make recommendations so that all of the Town's facilities (school and municipal) are brought up to required standards.

It is in this regard that the Board of Selectmen commend the members of these committees for the extensive time and effort which they contributed both personally and as a group on behalf of the Town.

After a careful review of the Town's financial position now and as projected with the addition of fixed expenses for School and Municipal bond issues as approved and recommended by the Budget Committee, the Board of Selectmen concur that 1987 will be the best year for the Town to raise and appropriate the necessary funds by issuing bonds in accordance with the Municipal Finance Act.

The Time is Now.

The Town needs your help, support and vote if we are to bring our facilities up to the required standards, meet the needs of the community and manage our responsibilities efficiently.

Sincerely,
Stephen T. Gregg
Roger S. Gage
H. Terry Closson

Annual Report of the Municipal Facility Construction Committee

Following a year of information gathering, private fund-raising of over \$5,000 and a 1986 Town Meeting appropriation of \$8,000, a Municipal Facility Construction Committee of 18 volunteers (including many members of the 1985 Study Committee and the affected Department Heads) was sworn in by the Selectmen in May, 1986. All material generated by the 1985 Study Committee was reviewed, Jim Rollins, a professional planner, was engaged and sub-committees were established: one to review potential sites for a Municipal building or buildings, one to refine the space needs of each department (Police, Fire, Highway), one to develop a strategy to publicize the results of the Committee's work and a fourth to study methods of financing construction of the project. A time line for work was established with the planner and, during the middle of the work year, interviews were held and an architect hired to transfer the options into designed plan form.

13 sites were viewed and studied for location, quality, safety, cost to acquire and to develop. The architect, planner and established criteria made it apparent that no one site could suit all three departments.

It was voted unanimously to locate the Highway Department on land already owned by the Town, at the Town Forest. Further study showed that the Fire and Police Departments have the most critical needs and some immediate relief could be accomplished by relocating the Town Offices and expanding the Police Department into those quarters (again, on land already owned by the Town). Concurrently, another Holderness group has been actively working to encourage Town use of the Holderness Inn in the center of the commercial district on the Town's main traffic artery; the Master Plan of the Town stresses development of a strong village core. Incorporating the Inn into the Committee's space plans seems to fit the purposes of both groups. The Committee recommends moving all Town Offices, Boards and Commissions to the Inn building alongside the proposed new Fire Station Building which, in future, can also house the Police Department.

The Architect produced a thorough report, including preliminary construction cost estimates. Copies are available at Town Hall and the Library.

Financing was discussed with three interested area banks. General Obligation bonds seem the best alternative for raising the \$1.2M estimated as necessary. 1987 tax reform will still permit the Town to use earned interest to offset the cost of the issue and significantly reduce the impact on the tax rate.

The Committee was saddened by the loss of the fellowship of its colleague, Dick Gordon, a long-time resident, former Selectman, all-time supporter of considerate planning for Holderness, when Dick died unexpectedly toward the close of 1986.

Many thanks are tendered for the more than 4,000 man hours of work and dedication to the farsighted vote of the Townspeople in 1986 which authorized this work. All the tools are at hand to proceed to improve the quality of services available in Holderness.

Report of the Town Hall Committee

It was with regret that we accepted the resignation of Board member Paul Needham, an active and very dedicated member of the committee for many years.

Activities in 1986 were confined mostly to the grounds. The Highway Department installed an additional step at the front of the building to facilitate easier entrance and exit. Shrubbery was planted alongside the building on both sides of these steps by Richard and Doris Gordon. In the area where the pine trees were removed between the Town Hall and the highway, a freeform garden was planted, featuring a Weeping Flowering Crabapple tree. A bronze plaque inscribed "Trudy's Garden" was placed in the garden in memory of our beloved former Town Clerk, Trudy Elsner. Erma Rand graciously offered to accept donations and carry out the actual planting, which incurred considerable time and expense to herself. Flower boxes, constructed by Kent Smith and stained by Paul Needham, were placed atop the walls along the entrance to the Town Offices. A short concrete ramp was made by Harry Heath at this entrance to accommodate wheelchair occupants.

All are encouraged to submit any questions or suggestions concerning the Town buildings to this committee, or the Selectmen.

Respectfully submitted,
Kent Smith
Patricia Ford

Report of Holderness Police Department

| | 1985 | 1986 | Percent Increase |
|------------------------------|------|------|------------------|
| Alarms | 52 | 108 | 108% |
| Burglaries | 15 | 43 | 186% |
| Criminal Mischief | 27 | 49 | 81% |
| Family/Neighborhood Disputes | 34 | 71 | 109% |
| DWI | 6 | 21 | 250% |

As we bring 1986 to a close, I think the preceding figures speak for themselves. Despite being a rural community in central New Hampshire, we are becoming an active and growing area. We have handled over 2300 items this past year. Our activity is up in most areas, and to a startling degree in some particular areas.

Approximately 20 new burglar alarms have been installed in homes and commercial establishments in Holderness, bringing that total to over 40 alarms to respond to! Although this increases our workload, it does indicate that our citizens are concerned about crime and its prevention. Even with a healthy economy in the state, we were plagued by numerous burglaries this year.

In spite of a greater public awareness campaign through the media and stricter laws, substance abuse still plagues us daily. People still drink excessively and then drive on our highways. And current intelligence received from throughout the state shows that drugs are very common in the area, with cocaine becoming preferred to marijuana. The monetary gains are great, and an amazing social network has formed with this pervasive attitude toward drugs.

Another area of concern is that of criminal mischief. These senseless acts have accounted for several thousand dollars worth of damages in Holderness.

As we enter 1987, we are looking at several areas of improvement. Plans are still being made to organize a regional law enforcement dispatch center. Our own needs in terms of a police station or expanded facilities have to be addressed in the very near future. We desperately need more room and cannot survive in our large closet much longer. Last but not least, we are looking at funding an attorney on a part time basis to handle a portion of our court work. Our day to day work deals with the fine points of the law more than ever before, and this would free us to deal with normal affairs. Unfortunate-

ly, with our increased workload there is more paperwork to be done and we are spending more time in the office than out patrolling. This situation, too, must be corrected.

Finally, I would like to thank my staff for their unending help this past year. Without everyone’s giving 110% we would not have made it through the year. Many thanks again to our local citizens, police and fire departments both in this locality and throughout the state. Their fine cooperation is needed to provide essential services to our growing community.

Yours truly,
Darryl A. Zampieri, Chief

Fifty-Fourth Annual Report of the Holderness Fire Department

In 1986 the Holderness Fire Department had a total of 112 calls for assistance — about the same as the previous year. There were 16 Mutual Aid calls, 14 chimney fires, and 7 forest fires or investigations (see separate report); the one category which had a large increase was medical emergencies, jumping 70% to a total of 41 for the year.

The biggest news of 1986 for the Holderness Fire Department was certainly the arrival last August of the Town's new 2500-gallon tanker-pumper fire truck. The truck is well suited to the needs of Holderness and we are very pleased with the fitting job done by 3-D Fire Apparatus. Because there are very few hydrants in town, an adequate water supply is almost always a problem at major fires. The addition of 2500 gallons to our carrying capacity puts us in a lot better shape to get an early "knock down" or at least to hold our own until we can set up a supplementary water source or get help from neighboring towns. As past history of our Fire Department would indicate, we plan to have the new truck in service for many years to come. (It is fortunate that it came when it did because we have experienced some difficult mechanical problems with our 1960 International — 12M3 — during 1986; also, severe rust problems may force it out of service before long.)

As noted above, the increase in requests for medical aid continued the sharp upward trend of recent years. To meet these demands the Holderness Fire Department currently has three EMTs and five First Responders; additional members have specific training in Cardiopulmonary Resuscitation. Primary medical training and recertification courses for this region are administered by the Pemi-Baker EMS District #A-5. Examples of recent "hands on" training topics include Pediatric Emergencies, Mass Casualty Situations, and Patient Assessment.

The Holderness Fire Department strongly urges the expanded use of smoke detectors in all occupied buildings. Most people realize that their early warning capabilities often play a major role in the saving of lives and property, but they are not sure about which type of detector to get. There are two basic types of smoke detectors: the "ionization" type detects a change in the chemistry of the air; the "photoelectric" type acts as an "electric eye" which is set off when its beam is broken by particles of smoke. Even though they sound their alarms for different reasons, either type is practical for household use. In addition, you must choose between battery-powered detectors and "hot wired" (110 volt) ones. The problem with battery-powered detectors is that they tend to be forgotten once they are installed — they aren't

checked often enough to be sure that the batteries are good. With 110 volt detectors power supply is rarely a problem. (The purchase price is about the same; installation is more costly with the 110 volt power source.) In conclusion, any operable smoke detector is better than none. The best protection would be achieved with a combination of ionization and photoelectric types — the majority hot-wired with perhaps one or two battery-powered backups.

The Lakes Region Mutual Aid Association (of which Holderness is a member) continues to grow and strengthen an already solid bond of cooperation between area towns. In 1986 alone five new towns joined LRMA. We look forward to the possibility of Plymouth joining in 1987, a move that we feel would be beneficial to both towns.

One quick reminder: all reports of fires, medical emergencies, etc. (not police calls) should be made to the Lakes Region Mutual Aid Dispatch Center in Laconia — phone #1-524-1545 (or just 524-1545 if calling from a phone with a Meredith (279) exchange). The dispatchers, who handle many emergency calls daily, alert the appropriate personnel by radio within seconds.

The Holderness Fire Department is grateful to the people of Holderness for their continued support.

Respectfully submitted,
Tom Stepp, Clerk

HOLDERNESS FIRE DEPARTMENT — CALLS FOR ASSISTANCE
December 1, 1985 to November 30, 1986

DECEMBER

- 8 Holderness-Plymouth Bridge, auto accident, medical emergency
- 14 Moultonboro, Mutual Aid
- 15 Ashland, Mutual Aid
- 17 Tony Raymond, Rte. 3 south, chimney fire
- 18 27 North River Street, chimney fire
- 19 Sue Gehling, Mooney Point, chimney fire
- 19 Rte. 113 near Burleigh Farm, auto accident
- 20 Coolidge Road, Sandwich, Mutual Aid
- 20 Center Harbor, Mutual Aid
- 20 Laura Downing, Shepard Street, medical emergency
- 30 Rte. 3 south, auto accident, medical emergency
- 31 Bowling Alley, chimney fire

JANUARY '86

- 3 Little Squam Lake, rescue
- 7 Rte. 3 near Fire Station, auto accident
- 16 Ashland, Mutual Aid, L.W. Packard
- 16 Stephen Currier, Rte. 175, medical emergency
- 19 Ashland, Mutual Aid
- 20 Dana Bates, Rte. 175, chimney fire
- 24 Moultonboro, Mutual Aid
- 27 River Street, flood
- 28 River Street, flood
- 28 Cecil Tenney, Rte. 3 south, medical emergency
- 31 McLean, Jct. Rte. 113 & Rockywold Road, chimney fire

FEBRUARY

- 7 Rte. 175 near Holderness School, auto accident, medical emergency
- 9 Squam Lake shoreline along Rte. 113, investigation
- 9 Guyotte, Rte. 3 south, medical emergency
- 12 Bethel Woods Campground, chimney fire
- 14 Ashland, Mutual Aid
- 16 Rte. 113, snowmobile accident
- 20 Rte. 175, auto accident
- 21 W. Johnson, Mt. Prospect Road, chimney fire
- 23 River Street, false alarm

MARCH

- 1 River Street, false alarm
- 4 River Street, false alarm
- 4 Dussault, Rte. 3, medical emergency
- 7 Charlie Howe, Rte. 113, chimney fire
- 9 Rte. 3 south near Bethel Woods, medical emergency
- 15 Dale Wilkie, Rte. 3, loose stovepipe — eject smoke
- 20 Moultonboro, Mutual Aid
- 20 Earl Chase, True Farm, chimney fire
- 23 East Holderness Road, car fire
- 28 Ashland, Mutual Aid

APRIL

- 2 Rte. 175 near George Thompson, tree on wires
- 3 Wm. Clapper, Rte. 3 south, medical emergency
- 3 Stuart Sherburne, Rte. 175, chimney fire
- 6 Seven Pines Road, medical emergency
- 8 Wm. Clapper, Rte. 3 south, medical emergency
- 9 Frank Webster, Rte. 113, medical emergency
- 14 Rte. 175 near Elk's Club, forest fire

- 20 Bernice Shields, Rte. 175, medical emergency
- 20 East Rattlesnake Mt., forest fire (Sandwich)
- 22 Patricia Harris, Mt. Prospect Road, structure fire
- 30 Ashland, Mutual Aid

MAY

- 3 Town Dump, forest fire
- 3 Ashland, Mutual Aid, forest fire
- 4 Mt. Belknap, Gilford, Mutual Aid, forest fire
- 4 Charlie Howe, Rte. 113, medical emergency
- 6 Michael Hunter, Rte. 175, chimney fire
- 9 Mobil Station, Holderness interval, car fire
- 11 Dussault, Rte. 3, forest fire
- 18 Town Dump, controlled burn
- 19 Merrill, Mt. Prospect Road, medical emergency

JUNE

- 1 Ashland, Leavitt Hill Road, false alarm
- 10 Olde Colonial Eagle, sailboat mast between electric wires
- 22 Rte. 3 near Squam Lake Automotive, truck fire
- 30 George Bonsall, Mt. Prospect Road, false alarm
- 30 Rockywold, medical emergency

JULY

- 6 C. Hovey, Rte. 113, medical emergency
- 7 Rockywold, medical emergency
- 14 Rte. 3, Ashland, structure fire
- 14 Manor, Rte. 3 south, transformer fire
- 19 Rte. 175, auto accident, medical emergency
- 20 Little Switzerland, Rte. 3 south, smoke investigation
- 23 Richard Gordon, Evans Cove, oil spill
- 26 Plymouth, Mutual Aid, Ye Welcome Inn
- 26 Mary Ann Livens, Willoughby Point, false alarm
- 26 Stevens, Leavitt Hill Road, false alarm

AUGUST

- 3 Rattlesnake Mountain, medical emergency
- 8 White Oak Motel, Rte. 3 south, medical emergency
- 9 Rte. 3 south near Camp Deerwood, tree on wires
- 10 Rte. 3 south near Royea's, auto accident, medical emergency
- 10 Perkins Lane, oil spill
- 13 Rockywold, medical emergency
- 14 Moultonboro, Mutual Aid
- 16 Cotton Cove, medical emergency

- 17 Miner Road (off Rte. 113), investigation
- 20 Mt. Prospect Road, car fire
- 22 Fisher, Paugus Road, medical emergency
- 23 Rte. 175, auto accident, medical emergency
- 31 Rte. 3 south, motorcycle accident, medical emergency
- 31 Bethel Woods, Rte. 3 south, medical emergency

SEPTEMBER

- 2 Bethel Woods, Rte. 3 south, medical emergency
- 9 Charlie Howe, Rte. 113, medical emergency
- 15 Richard Gordon, Rte. 3, medical emergency
- 16 Morrill, College Road, medical emergency
- 23 Laconia, Mutual Aid
- 27 Irving Marsh, College Road, medical emergency

OCTOBER

- 1 Winslow, Rte. 3 south, medical emergency
- 4 Rte. 175 at Hardhack Corner, auto accident
- 6 Winslow, Rte. 3 south, public service
- 11 Camp Squamasee, Rte. 3, forest fire
- 14 C. Hovey, Rte. 113, medical emergency
- 17 Squam Meadows Apt., medical emergency
- 22 Amelia Howe, Howe Road, chimney fire
- 25 John Mahan, Perch Pond Road, forest fire
- 26 Perkins Lane, car fire

NOVEMBER

- 5 Charles Boyce, S. River Street, gas smell
- 10 Nassar, Rte. 3 south, medical emergency
- 13 James Batchelder, Heritage Hill, chimney fire
- 16 Smith-Piper, medical emergency
- 18 Lane Road, Lake Forest, car fire
- 19 Perch Pond Road, auto accident, medical emergency

Report of Forest Fire Warden

TO: Stanley Graton, Forest Warden, Holderness, NH
FROM: Darrel D. Smith, Deputy Warden
SUBJECT: Report of Activities for 1986

The year 1986 was extremely wet, resulting in a sharp decrease in the number of Forest Fire incidents. We did, however, participate in two (2) large Mutual Aid incidents, which are summarized below.

| | | Men | Man Hours | Cost |
|---------|----------------------------|-----|--------------|-----------|
| May 3 | off Rte. 93 in Ashland | 39 | 237 | \$2249.46 |
| May 4 | Belknap Mountain, Gilford | 16 | 27½ | 210.28 |
| May 11 | Route 3, Holderness | 20 | 20 | 141.00 |
| Oct. 25 | Perch Pond Rd., Holderness | 15 | 15 | 104.52 |
| Total | | | 299½ | \$2705.26 |

Much of these costs will be reimbursed by the Towns and the State. Other expenses were as follows:

| | |
|------------------------|-----------|
| Equipment and Supplies | \$1924.64 |
| Training Expenses | 178.08 |

The Warden, Deputy Wardens and the Town Clerk issued 322 permits, and this number reflects the willingness of the people of Holderness to abide by the laws and use discretion in open burning. Only minimal problems resulted from permit fires during the year.

The addition of Portable Radio Equipment for the Deputy Wardens has simplified their operations and will continue to improve the overall operations of the department. The growth of the Town is reflected in the number of requests for information and assistance from our newer citizens who are unfamiliar with our forestry laws and regulations.

I wish to extend my sincere thanks to the Warden, Deputy Wardens and Fire Department members for their cooperation, and a special thanks to our Town Clerk who carries the heaviest work load in our permit process.

Respectfully submitted,
Darrell D. Smith, Deputy Warden

Report of Overseer of Welfare

There seem to be more young women applying for welfare assistance. The husband leaves them with one or two children or there is no husband at all.

We gave aid to nine families and no one repaid the town.

Laura Heath, Overseer

Report of Upper Valley Senior Citizens Council, Inc.

October 1, 1985 - September 30, 1986

Number of Holderness residents served 36 (of 251 over 60; 1980 census)

Number of Holderness volunteers: 11; number of volunteer hours 1622

| Service | Units of Service | × | Unit Cost | = | Total Cost |
|--|---------------------|---|--------------|---|---------------|
| Center Meals | 648 | × | \$3.11 | = | \$ 2,015.28 |
| Home Delivered Meals | 5,078 | × | \$3.47 | = | \$17,620.66 |
| UVSCC cost to provide services to Holderness residents 1986: | | | | | \$19,635.94 |
| Received from Town of Holderness for 1986 | | | | | \$1,175.00 |
| Request for Senior Services for 1987 | | | | | \$1,222.00 |

Unit cost from Audit Report for October 1, 1985 - September 30, 1986.

For the entire agency, services were funded by: Federal and State 55%; Municipalities, County and United Way 11%; Contributions 11%; In-kind donations 19%; Other 4%.

Report of the Holderness Planning Board

1986 was a year of continuing growth and change for Holderness. The Planning Board received 9 applications and approved subdivisions creating 27 new lots. Working with the Zoning Board of Adjustment, two requests for special exceptions were reviewed. Public hearings were held on amendments to the Zoning Ordinance as well as a petition to abolish zoning altogether. The Planning Board voted to recommend failure of the proposal to abolish zoning. New alternate members were appointed, and the need for additional alternates is keenly felt.

The end of the year brought some sadness with the death of Irving Marsh who was the Selectman representative to the Planning Board in years past, was an alternate Board member, and served as clerk to the Board most recently.

This year saw the full Board and alternates attending a series of law lectures sponsored by the New Hampshire Municipal Association and the Lakes Region Planning Commission. These lectures provided basic interpretations and case law examples for some of the more difficult decisions which come before any Planning Board, such as determining a developer's share to upgrade town roads which serve a proposed subdivision.

Work in the coming year will include updating the Town's Master Plan and amendments to the subdivision regulations to conform with the standards set in the Zoning Ordinance.

Crecia C. Closson, Chairman

Report of the Zoning Board of Adjustment

Fourteen appeals were made to the Board of Adjustment in 1986. Ten variances were granted, two special exceptions were granted, one appeal was returned without action as it was not properly presented and one appeal was withdrawn by the appellant.

Two requests for rehearings were presented to the Board and both were denied as the Board felt no new evidence was offered and our original decisions were well founded.

Two of our alternate members left the Board in 1986. Francis O'Donnell left for personal reasons and Lew Ebbs left to become the first Zoning Officer in the Town of Holderness. Both of these gentlemen served the Board and the Town well, giving freely of their time and talent. The Selectmen appointed Robert Sachs and Bruce LeVoy as replacements for Mr. Ebbs and Mr. O'Donnell.

Martin J. Riehs, Jr., Chairman

Report of the Health Officer

For the year ending 12/31/86 there were twenty-five (25) new septic system plans and six (6) replacement septic systems approved. These all required both State and Town approvals. Three (3) systems were repaired "in place" and required Town approval only. Approximately fifteen (15) complaints relating to health matters were received during the year.

Septic systems for commercial and business properties require both State and Town approvals before repairs or replacement can take place.

Russell R. Moren
Health Officer

Roger Gage

Roger Gage retires this year from the Board of Selectmen. First appointed on January 1, 1980 to fill out a vacated term, Roger has served the Town for over seven years. During this time he has been a tireless, dedicated worker, spending long hours both in and out of the office, helping to make this Town a better place for all of us. Roger's patience and quiet endurance will long be appreciated.

Nineteenth Annual Report of the Holderness Conservation Commission

With the appointment of two more members, the Commission returns to its full statutory complement of seven. We welcome Michael Currier and Sydney Howe to the Commission.

Two oil spills on Little Squam Lake, one on July 23 and the second on August 10, point to the fact that common petroleum products are potentially as much of a pollutant as other substances. The first oil spill of about 40 gallons of #2 heating oil cost \$8,000 to clean up. Fortunately, the insurance company paid this and not the taxpayers of Holderness. It came from a leaky storage tank. The cause of the second oil spill, which washed up on the beaches at Perkins Cabins, was never pinpointed. Blotters were used to absorb the slick. The state special oil spill task force was called in on both occasions.

During the year public attention shifted from the Squam River and the dredging of a proposed boat basin with 40 boathouses to Moon(ey) Island in the middle of Big Squam Lake. On December 29, the Squam Lakes Association purchased the 31 acre parcel from T. Hale and Fanny Ham for \$700,000. Already this Commission has been asked to participate in formulating a management plan for public access and use of the island.

One of several alternatives being proposed to the voters of Holderness in March, 1987 is the setting aside of a portion of the Town Forest as the site for a new highway department and public works shed and storage area. Upon the recommendation of the Commission in 1973, townspeople voted to dedicate 50 acres of tax-defaulted land on Beede Road as a town forest to be used for timber, firewood, education and recreation. All these activities have taken place at one time or another. Now it is the feeling of the Commission that the upper portion of our forest, an area which was stripped of topsoil and gravel several years before it was voted as a town forest, could be used for other purposes without any detrimental impact upon the forest. Either way, the "final" decision is again up to the voters.

Finally, a total of 11 applications for permission to dredge, fill or erect structures in the surface waters or wetlands of Holderness were received in 1986 (a list follows). Two of these were denied by the state and one is being appealed to the Governor and Council.

Respectfully submitted,
Malcolm Tink Taylor, Chairman

APPLICATIONS FOR CONSTRUCTION WITHIN THE WETLANDS OF HOLDERNESS - 1986

| | |
|--------------|--|
| April 14 | Frank Moore - Route 3 on Little Squam Lake, place stream in culvert |
| April 21 | Merrill Feldman and William Goade, Jr. - Smith Road, to construct part of a road across portion of wetland |
| May 1 | Holderness School - Route 175, reclaim a roadside pond, remove debris |
| May 2 | Plymouth State College - Fieldhouse, relocate a trench adjacent to Pemigewasset River |
| May 6 | Stephen Gregg - Squam Lake, construct a seasonal dock |
| May 6 | Susan C. Webster - Squam Lake, construct a seasonal dock |
| June 11 | Joseph Mastro - Perkins Lane, Little Squam, construct a dock |
| July 15 | Bruce Frase - Boulders Motel, Route 3, replace an existing wharf |
| July 26 | Jack & Dana Armstrong, Ward D'Elia, Alex Ray for Asquam Corp. - Curry Place, to construct two docks on Squam River (denied by state) |
| September 29 | Pierre Havre - The Manor, Squam Lake, add two additional docks (denied by the state, appealed to Governor and Council and still pending) |
| December 8 | Mary and William Perry - Coxboro Road, to reopen swale to provide drainage for former stream |

Report of the Pemi-Baker Home Health Agency

The Pemi-Baker Home Health Agency continues to supply much needed care to people in their homes in this area. A total of 773 visits were made to Holderness residents in 1986. The services provided break down as follows:

| | |
|------------------|-----|
| Skilled Nursing | 263 |
| Physical Therapy | 15 |
| Home Health Aide | 308 |
| Homemaker | 187 |

Bi-monthly free immunization clinics are held at the American Legion Hall in Plymouth. Blood pressure clinics and diabetic screenings are held for Holderness and Ashland residents and are well attended.

The services provided by the P.B.H.H.A. are skilled nursing care, speech therapy, home health aides, I.V. therapy, walk-in blood pressures at the Agency in addition to the bi-monthly clinics, physical therapy, homemakers, equipment loan, immunization clinics, infant car seat program, newborn visits, maternal-infant early discharge program.

These services make it possible for many people to remain in their own homes rather than going to a nursing home. In spite of rising medical costs, the Pemi-Baker Home Health Agency has held its per capita charge to member towns at \$3.15, the same as the 1986 charge.

If you need further information about the services offered, call the Agency at 536-2232 Monday through Friday. Your representative to the Board of Directors would also be glad to answer questions.

Respectfully submitted,
Eleanor S. Wolf
Holderness Representative to the
Board of Directors, Pemi-Baker
Home Health Agency

Report of the Grafton County Commissioners

We appreciate the opportunity to submit the following report in our continuing effort to directly communicate with our constituents, realizing your concerns and our accountability for a fiscally conservative budget.

We have heard that budget message and continually strive to meet mandated and essential services in the most efficient and effective, yet economical manner possible. This has been reflected in tight county budgets the last two years, resulting in decreased county tax requirements. Some towns may have seen increased county taxes due to evaluation and apportionment formula used by the N.H. Dept. of Revenue Administration. However, public services at the county level still usually reflect more equitable distribution of tax dollars. County tax averages 6.2% of base property taxes.

The county is facing the same problems in the insurance market as the towns. However, we have joined in the N.H. Municipal Association's insurance programs for most coverage needs at reasonable cost. We shall also have to deal with the loss of Revenue Sharing funds in the next budget.

It is too early to make a comprehensive report on the new welfare system under Senate Bill-1. We do know that with the change in program liabilities, county costs will substantially increase, and towns should realize a decrease in welfare assistance payments. County focus under SB-1 is to serve the needs of the children, the elderly and disabled. Because the north country is growing with changing needs, growth in the elderly population, and expanded service requirements, we must look to the future to meet those needs.

The House of Correction occupancy figures have grown dramatically due to week-end sentencing, new DWI laws, and continuous one year sentencing to avoid incarceration at state prison, causing overcrowding at the Correctional facility. One option now under consideration is the construction of a two story dormitory type addition for 30 beds. The result would be a net increase of 18 beds meeting space standards under a plan in line with previous jail study recommendations, and at far less cost than a new facility.

The farm continues to be self-supporting, provides work for inmates, and offers access for experimental projects. The Register of Deeds net profit margin is 3.6% of county revenues. The Sheriff's Dept. provides essential services in transport, superior court, dispatch, and other law enforcement activities, with increased revenue in fees. The Nursing Home is one of the finest in the state.

We are proud of our county , of the dedicated staff, exemplary services and high standard facilities.

Commissioners meet weekly, and encourage public attendance. We welcome facility tours.

Our thanks and appreciation to all.

Respectfully submitted,
Grafton County Commissioners:
Dorothy Campion-Corcoran, Chairperson
Arthur E. Snell, Clerk
Leonard F. Anderson, Commissioner

Library Hours (Year-round):

Mondays, Wednesdays and Saturdays 10 am to 6 pm.

Programs:

This year programs have included various Story Hours done for us by volunteer Jane Ashley, Role-Playing Games (infrequent), Summer Craft Classes, Volunteer Library Aides, and an expanded Summer Reading Program which was tied in with the Reading Rainbow Program developed by PBS-TV. We also had many activities related to our ongoing Building Fund Drive, such as a Chicken BBQ, Regatta, Tennis Tournament, special food sales and dinners, etc. These latter were all organized and led by our Trustees and Friends of the Library.

Our personnel have met some changes. Ann Pierce is no longer with us as Assistant Librarian. Our new Assistant is Jane Blaine, who comes to us with very high credentials, including previous library experience. Our Librarian, Mary DeLashmit, was elected to be the President of Area Library Forum III this year, and was also chosen to represent Small Libraries on the New Hampshire Library Legislative Committee. She looks forward to a busy and interesting year ahead!

We look forward to another year of interesting happenings on the State, Regional and local levels for our library and others — the most important to us being the construction of a workroom off the back of the library. Once this new workroom is finished our patrons should notice a great improvement in our efficiency and service to them.

Mary DeLashmit, Librarian

Holderness Free Library

1986 Annual Report

As early as the spring of 1979 the Trustees began to plan for the obviously necessary expansion of the library and instigated the creation of a building fund. Donations, a fund drive and many, many events resulted in a total of more than \$18,000.

In 1985 and 1986 the Trustees requested funds to be put in a Capital Reserve account in the amount of \$5000 each year to assist in meeting construction costs.

During the summer of 1986 we discussed a smaller addition to be built at this time to alleviate the crowded conditions and to provide lavatory facilities. The Board of Trustees unanimously agreed to take steps to proceed.

A grant was applied for from the State Library Council and was approved in the amount of \$17,000.

The Board contracted with Samyn-D'Elia to prepare plans and specifications for this addition and to obtain bids for construction. Work is currently underway with an anticipated completion date in April.

Our efforts continue to raise additional funds, as in the past, to be applied to the overall addition.

The Trustees are grateful to the Librarian and Assistant Librarian and our volunteers for their efforts and support.

Respectfully submitted,
The Board of Trustees
Holderness Free Library

DEATHS

| DATE | NAME OF DECEASED |
|---------------------------|--------------------|
| May 8, 1985 | David W. Benson |
| July 5, 1985 (correction) | Gladys W. Merrill |
| November 26, 1985 | Irving R. Locke |
| January 1, 1986 | Hannah C. Gage |
| February 20, 1986 | Katherine A. Hill |
| April 6, 1986 | Franklin M. Wolf |
| April 22, 1986 | Patricia A. Harris |
| August 9, 1986 | Anna M. Heath |
| August 13, 1986 | John W. Burke, Jr. |
| September 15, 1986 | Richard L. Gordon |
| September 22, 1986 | Irving R. Marsh |

The Town of Holderness lost two of its most dedicated citizens during the past year. **Irving Marsh** served as Selectman from 1980-1983. Prior to that he had been a member of the 1977 Fire Station Committee. He was Selectman representative to the Planning Board, and continued as an alternate member until the time of his death. **Richard L. Gordon** was Town Treasurer for 19 years, until 1974. He served on numerous boards and committees, among them the 1967 Zoning Commission, the 1975 Town Shed Committee and the 1987 Municipal Facility committees. He also served as Moderator for several years. Both these men contributed frequently and selflessly to their community. They will be missed.

Holderness School District Meeting

March 17, 1986

The annual meeting of the Holderness School District was called to order at 7:03 P.M. by Moderator Tink Taylor. There were fifty-five townspeople present plus Board members: Bruce Leonard, Alisoun Hodges and Lynn Decker; Principal, Kenneth Cooper; Superintendent, Gerald Bourgeois; Assistant Superintendent, Gretchen Stubbins.

Joe Hayes led us in the Pledge of Allegiance.

The Moderator read the rules of the meeting, introduced the school board members and clerk, and announced that Jim Nourse has been elected as the new school board member.

The following business was transacted:

J.O. White moved, Ms. Lindberg seconded to dispense with the reading of the warrant in its entirety. The vote was in the affirmative.

ARTICLE I: that the District vote to raise and appropriate a sum of \$5,000.00 to be put in the Capital reserve fund for the purpose of boiler replacement.

Mrs. Staples moved, Mr. Kesler seconded.

Mr. Cooper stated that the present boiler is working admirably but he feels we should move ahead with plans to replace it.

The vote was in the affirmative.

ARTICLE II: that the District vote to raise and appropriate the sum of \$2,000.00 in order to establish a contingency fund in accordance with RSA 198:4-b to meet the cost of unanticipated expenses that may arise during the year.

Mrs. Taylor moved, Mrs. Horstmann seconded.

The vote was in the affirmative.

ARTICLE III: that the District will vote to raise and appropriate such monies as may be required to fund the School Building Needs Committee, such money not to exceed \$8,000.00.

Dr. Bourgeois moved, Mrs. Staples seconded.

J.O. White and Mr. Leonard explained that school space is now being

taken up by added programs, i.e. Chapter I reading and guidance programs. The size of the Kindergarten class was discussed as well as the possibility of an additional first grade class.

The vote was in the affirmative.

ARTICLE IV: that the District vote to authorize the School Board to make application for, accept and expend on behalf of the District, any and all grants or offers or other funds for educational purposes, which may now or hereafter be forthcoming from any federal, state, local governmental or private agencies.

Mrs. Staples moved, Mrs. Hodges seconded.

Dr. Bourgeois explained that due to the bases of the formula used for foundation aid, i.e. income, population, property and district wealth, Holderness is receiving less money than in years past. There was discussion of alternative aid such as the TriState Megabucks and donation of monies by interested parties for school equipment.

The vote was unanimous in the affirmative.

ARTICLE V: to see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

Mrs. Hodges moved, J.O. White seconded that the District raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District the sum of \$1,097,469.00 which amount includes the amounts voted in separate warrant articles.

Mrs. Hodges stated that this sum includes a full-time transition teacher as well as raises negotiated a year ago with teachers and represents a 15% raise in the second year. Mr. Leonard further explained that a new guidance counselor for 2½ days per week is included in the sum. When asked about high school tuition costs he said that the cost for 102 students is \$349,758.00. The subject of bus transportation was raised by Mrs. Staples. Mr. Leonard announced that Mr. Robertson of Campton has taken over the bus contract from the Curriers with the same terms for the next 2½ years.

The vote was unanimous in the affirmative.

ARTICLE VI: to transact such other business which may legally come before said meeting.

Mrs. Hodges moved, Mr. Hayes seconded that we vote to accept the reports of agents, auditors, committees or officers chosen and to pass any vote relative thereto.

The vote was in the affirmative.

Mr. Leonard thanked the townspeople for their cooperation on behalf of the School Board and stated the Board's goals are to meet the needs of the school without enormous tax rates, to improve the physical school plant and to look into proposals for future enlargement. He welcomed Jim Nourse to the Board and expressed the Board's appreciation of Alisoun Hodges' contributions over the past three years. She was presented an engraved Paul Revere Bowl.

Dr. Bourgeois gave a brief explanation of the middle school concept which is one of several plans being considered by School Administrative Schools to alleviate crowded classrooms: Among the factors to be considered are bussing, site location, which grades to include, and administration of such a school.

Mrs. Staples move, Mrs. Horstmann seconded that the annual school district meeting be adjourned at 8:14 p.m.

Respectfully submitted,
Nancy J. Ruhm
School District Clerk
Holderness

School District Warrant

The State of New Hampshire

To the inhabitants of the School District of Holderness qualified to vote in district affairs:

You are hereby notified to meet at the Holderness Town Hall in said district on the tenth day of March, 1987, polls to open for voting at ten o'clock in the forenoon of said day and to close no earlier than seven in the afternoon of said day to act upon the following subject:

1. To choose a Member of the School Board for the ensuing three years.
2. To choose a Clerk for the ensuing three years.
3. To choose a Moderator for the ensuing three years.
4. To choose a Treasurer for the ensuing three years.

Given under our hands at said Holderness this day of February, 1987.

Bruce Leonard
James Nourse
Lynn Decker
School Board

The State of New Hampshire

To the inhabitants of the School District in the Town of Holderness, in the County of Grafton, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Holderness Central School in said District on Tuesday the twenty-fourth of March, 1987 at 7:00 o'clock in the afternoon to act upon the following subjects:

ARTICLE 1: To see if the District will appropriate \$2,800,000.00 or any other sum for construction of an addition to the Holderness Central School and alterations to the existing school and for purchasing equipment and furnishings of a lasting character in connection therewith; to determine whether this appropriation shall be raised by borrowing or otherwise; or to take any action relative thereto.

ARTICLE 2: To see if the District will vote to authorize the School Board to apply and expend for the projects voted in this warrant any interest earned

on proceeds of the sale of any serial bonds or notes in connection with such projects.

ARTICLE 3: To see if the District will vote to create a cooperative School District planning committee consisting of three qualified voters from the town of Holderness one of whom shall be a member of the Holderness School Board and shall be appointed by said School Board; the remaining two members to be appointed by the School District moderator (see RSA 195:18) and to raise and appropriate a sum of \$1,395.60 to be utilized by the said committee in its study.

ARTICLE 4: To see if the District will vote to increase the music position to full-time and to raise and appropriate a sum of \$13,009.00 for this purpose.

ARTICLE 5: To see if the District will vote to establish a contingency fund in accordance with Revised Statutes Annotated 198:4-B, such a contingency fund to meet the cost of unanticipated expenses that may arise during the year and, further, to see if the District will appropriate the sum of \$2,000.00.

ARTICLE 6: To see if the District will vote to authorize the School Board under RSA 198:20-B to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds. Further, that the School Board holds a public hearing prior to accepting and spending such money.

ARTICLE 7: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

ARTICLE 8: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

ARTICLE 9: To transact any further business which may legally come before this meeting.

Given under our hands this 18th day of February in the year of our Lord nineteen hundred and eighty-seven.

Bruce Leonard
James Nourse
Lynn Decker

Explanation of Superintendent's and Assistant Superintendent's Salary for 1985-1986

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each Superintendent of a School Administrative Unit shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same . . . Said report shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the unit."

One-half of the School Administrative Unit expenses is prorated among the several school districts of the unit on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$40,628.10 which was received by the Superintendent of Schools of School Administrative Unit #48 during 1985-1986 was prorated among the school districts comprising the School Administrative Unit. Allowance for \$1,833.39 travel within the Unit was also prorated as stated above.

The salary of \$15,584.12 for the Assistant Superintendent during 1985-1986 and travel allowance within the Unit of \$874.93 was prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

| District | Adjusted Percent | Supt. Salary | Supt. Travel | Asst. Supt. Salary | Asst. Supt. Travel |
|-------------------|---------------------|-----------------|-----------------|--------------------------|--------------------------|
| Campton | 15.13 | 6,147.03 | 277.39 | 2,357.88 | 132.38 |
| Holderness | 18.81 | 7,642.15 | 344.86 | 2,931.37 | 164.57 |
| Plymouth | 36.90 | 14,991.77 | 676.52 | 5,750.54 | 322.85 |
| Rumney | 8.45 | 3,433.07 | 154.92 | 1,316.86 | 73.93 |
| Thornton | 8.48 | 3,445.26 | 155.47 | 1,321.53 | 74.20 |

Holderness Central School

“Quality Education”

Annual Report of the Principal

Year Ending 12/86

To the School Board, the Superintendent of Schools, and the residents of the town of Holderness, I respectfully submit my annual report.

Enrollment

At the present time we are experiencing some “bulges” in what had been in recent years, a fairly stable and predictable enrollment pattern. Grade six now has 33 students (up from 26 one year ago) while there are thirty-five students in Kindergarten necessitating double sessions for the first time. Grade 1, with 30 students, now has a full-time aide. The current enrollment of 230 is the highest it has ever been. While our instructional programs remain sound at the present, there is an increasing likelihood of the need for additional classroom space.

Building Needs

The Building Needs Committee, (as per last year’s budget warrant Article 3) commissioned an architect to do a complete analysis of the building and site. His report will include recommendations for expansion of facilities and for renovations of the existing structure. From the feedback I have received from parents, students, and staff over the past few years, I know that most of you join me in the hope that plans to modernize our school will proceed expeditiously.

Staff Update

In September we welcomed the following faculty to the Holderness Central staff: Mrs. Judith O. Floyd, Kindergarten (M.Ed., PSC); Ms. Jane Kellogg, Grade 4 (B.A., Wheelock College, M.Ed., Mansfield University); Mrs. Connie Gilman, Language Arts (B.A., Florida State); Mrs. Valerie Sizemore, Math (M.Ed., Boston University); Miss Heidi Hungerford, Chapter I, Grade 6 Science and Grade 8 American History (B.S., PSC); Mr. Thomas Goyette, Physical Education and Health (B.S., Bridgewater State College); Mrs. Melody Funk, Art (B.F.A., Massachusetts College of Art); Mr. Donald Williams, Music (B.S., PSC); and Mrs. Michele Wolfson, Guidance, (M.A., California State University). Ably assisting the faculty as new staff members are Christel Gruz, Library Aide; Paul Del Frari, Case Manager; Suzanne Montour, Resource Room Aide; Mrs. Linda Verdone, Grade 1 Aide; and Mrs.

Geraldine Clayton and Mrs. Jane Green as Recess Aides. We were also glad to welcome back Al Judkins who rejoined the staff as head custodian last spring.

Returning staff members include Mrs. Nancy Deachman, Mrs. Patricia Heinz, Mrs. Barbara Guinan, Mrs. Margaret Hendel, Mrs. Sally Webb-Jensen, Mrs. Emily Kelley, Mrs. Arline Bownes, Mr. Ron Reynolds, Ms. Ann Noack, Mrs. Barbara Goodnough, Mrs. Linda Cowan, Mrs. Patricia Giroux, Mrs. Priscilla Hixon, Mrs. Joanna Aldrich, Mrs. Gale Christensen, Mrs. Mary Currier, Mrs. Gloria Merrill, Mrs. Ellen Green, and Mr. James Paul.

It is indeed an honor to serve public education in the company of a staff as talented and as dedicated as the present Holderness Central School team; they are a unique group of professionals and have each in their own way made significant contributions to the quality of our educational program.

Community Relations

The interaction and cooperation endeavors between the school and the Friends of Holderness Central (FHCS) continued to expand in 1986. The Friends, through the system of Class Representatives, has prepared and mailed several informative newsletters. Successful fundraisers included the Holiday Auction and a well-attended pot luck supper which coincided with the annual Open House. The Friends have helped to sponsor several schoolwide cultural arts assemblies, and have provided a bulletin board for the display of exemplary student work in the entryway, funded the printing of post cards for positive messages home, and have lent many hours of volunteer time. Several members also participated in the planning of the revised school "mission statement" and Susan Stroud, President of FHCS joined with faculty members in writing it.

A new organization, born of FHCS but now taking on a strong identity of its own (under the able leadership of Nancy Dalley and Don Palmer) is the Sports Booster Club. This group of parents seeks to promote the quality of co-curricular athletics (and school spirit!) at HCS; current projects include uniforms and a school banner.

In the second annual survey of parents (every parent received a form with the first report card) more than 90 percent of the persons responding felt that current programs and activities were meeting the needs for school-community communication and cooperation. Thanks . . . Teachers, Parents, and Students — together we can make good things happen!

Quality Education

During the past year more than 90 percent of the scores across all grade levels and subjects on the California Achievement tests were above national medians. Statewide comparisons are possible at the grade 8 level and HCS student outperformed their peers in every subject area. Noteworthy too was the fact that scores improved for the “same” students (e.g., this year’s grade four as compared to last year’s grade three) in 38 out of 51 instances or 75 percent of the time. Fully one-third of our scores were statistically significantly higher than could be anticipated for students of comparable age and overall ability.

Instructional potpourri: This was the first year that the Transition class had its own room and teacher. Music has been expanded to half-time and we now will be able to have an elementary chorus and a beginner band (in addition to regular band and chorus). For the first time ever we have a half-time guidance program providing support for the core academics. Our new elective program for grades 6-8 offers choices of activities such as Spanish instruction, word processing, band, chorus, advisor-advisee, home economics, and industrial arts. We are engaged in a unique cooperative endeavor with the Science Center of New Hampshire to coordinate classroom and field-based science instruction. Last year’s grade 4 won the New Hampshire Bar Association’s Mock Trial competition and their use of the new textbook (written with the assistance of their teacher, Sally Webb-Jensen) has received the attention of the Boston Globe.

We are now actively engaged in a self-evaluation process through the New England Association of Schools and Colleges, one of the six nationally recognized regional accrediting institutions. Over the next two years we will be examining all aspects of the school’s operation. The process will culminate in an on-site visit by outside educators who will examine what we have done and the conclusions we have reached and who will hopefully then recommend accreditation.

This is the fourth year that I have prepared this Principal’s Report. I feel this year, as I have felt in the past, that things at HCS just keep getting better. This is a reflection of the abilities of the superior staff, the renewed and increasing level of parent involvement, and a well-behaved and cooperative student body. I simply reap the benefits and I consider it an honor to again be in a position to do so.

Respectfully submitted,
Kenneth B. Cooper, Ph.D.
Principal

Holderness Central School

School Nurse's Report 1986-1987

The following is a report on the health program for Holderness Central School. The major goal is to maintain the general health of all students through the use of first aid, early identification of health problems, and health education.

On May 8, 1986, a pre-school Vision and Hearing Clinic was held for all 4-6 year olds at the Plymouth AREA High School sponsored by the State Bureau of Maternal and Child Health. There were 5 hearing referrals which were re-tested by the school nurse. Appropriate referrals were then made to the child's physician. The clinic will be held again in the Spring.

Pre-school screening was held on April 23-25, 1986, at the school for all student beginning kindergarten in September, 1986. Thirty students were screened and health histories were obtained.

On September 26, 1986, Dr. David Cunis & Wendy Camerson, Nurse Practitioner did 38 health physicals on students in grades 5 to 7 and on any new students in grades 6 to 8. A few referrals were made, but in general the overall health of the students was excellent.

The two dentals programs, sponsored by the Bureau of Dental Health, are going very well.

1. Fluoride Program - 98% participation (daily toothbrushing and weekly flouride rinse)
2. Dental Program - 50 students participated (dental examination, cleaning and topical fluoride by Kathy Adams, dental hygienist) - 1 students was funded by the Holderness Central School Health Fund.

Nurse's Work Log

| | |
|---------------------|-------|
| Vision Tests | - 200 |
| Hearing Tests | - 233 |
| Heights and Weights | - 200 |
| Blood Pressures | - 103 |
| Scoliosis Checks | - 103 |
| Head Checks | - 460 |
| First Aid | - 825 |

I wish to thank the school staff, parent volunteers, and the community for their support in carrying out the health program.

Respectfully submitted,
Linda Cowan, R.N.
School Nurse

Audit Statement

Members of the School Board
Holderness School District

We have examined the combined financial statements of the Holderness School District as of and for the fiscal year ended June 30, 1986 as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and the additional standards and requirements for financial and compliance audits as set forth in Standards for Audit of Governmental Organizations, Programs, Activities and Functions, 1981 Revision, promulgated by the U.S. Controller General and accordingly, included in such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstance, except as stated in the following paragraph.

The school district has not maintained proper records of its General Fixed Assets. Therefore these combined financial statements of the Holderness School District do not include the financial statements of the School District's General Fixed Asset Account Group. This is a departure from generally accepted accounting principles.

In our opinion, except for the omission of the financial statement described above results in an incomplete presentation, the combined financial statements referred to above present fairly the financial position of the Holderness School District as of June 30, 1986 and the results of its operations in conformity with generally accepted accounting principles which have been applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supporting statements listed in the table of contents are presented for the purposes of additional analysis and are not a required part of the combined financial statements of the Holderness School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

David L. Connors & Co., P.C.

September 25, 1986

A copy of the Audit of the 1985-1986 School District financial transactions may be reviewed at the office of the Superintendent of Schools.

Town Office Hours and Meeting Times

Selectmen: Meet weekly, Monday at 3:00 p.m., Town Hall Selectmen's Office (If Monday is a holiday, alternate date is set); 968-3537

Planning Board: Meets monthly, 4th Thursday of the month, 7:00 p.m., Town Hall Conference Room

Zoning Board of Adjustment: Meets as needed, Town Hall Conference Room or as posted

Town Clerk: Monday, Tuesday, Thursday, Friday 9-12 and 1-3; Wednesday 10-12 a.m.; Thursday night 7-8:30 p.m.; 968-7536

Tax Collector: Hours to be announced; 968-7153

Building Permits: Required by anyone "intending to erect, construct, alter or reconstruct any building or structure." Applications available at Town Office; submit to Selectmen with fee. Permits valid for 18 months from issuance; work must start within 6 months.

Planning Board: Applications available at Town Office. Copies of Subdivision Regulations available at Town Office (\$1.50). Any subdivision of land or change of boundary lines must be approved by this Board.

Zoning Board of Adjustment: Applications available through Selectmen. Copies of ordinance available at Town Office (\$2.00). ZBA reviews requests for variances, special exceptions and appeals from administrative decisions, and acts only on items that have been denied by other decision making bodies, such as Selectmen or Planning Board.
